

Financial Policy

Thank you for choosing our practice! We are committed to the success of your medical treatment and care. We are certain you already understand that the prompt payment of any balances due on your account is part of this treatment and care. Because there are literally hundreds of health plan options available, it is commonly accepted that understanding and clarifying all benefits and exclusions under your health plan is ultimately your responsibility.

However, we would like to help make the process of paying for your care as easy and painless as we can. For your convenience are answers to a variety of commonly-asked financial policy questions below. If you need further information about any of these policies, please visit our website at www.pacificarthritis.com or ask to speak with the Billing Office.

Do I Have To Pay My Co-Pay Or Account Balance At The Time of My Visit?

Absolutely. The administrative costs of collecting your co-pay and/or account balance while you are in the office are quite low in comparison to the high cost of sending and processing statements. For this reason, the staff in the front office is challenged regularly with identifying and collecting any co-pays or balances due upon arrival of any patient presenting in any office for medical care. It is a "necessary evil" and we appreciate your understanding.

How May I Pay?

We accept payment by cash, check, VISA, MasterCard, and American Express.

Can I Setup My Account For AutoPay?

Yes. For your convenience, and subject to your written authorization, we now have the ability to automatically charge your credit card (VISA, MasterCard, or American Express) for balances due. This will be done once each month before statements are run. Upon request, any patient who wishes can still receive detailed account information.

Do I Need A Referral?

If you have an HMO plan with which we are contracted, you need a referral authorization from your primary care physician. If we have not received an authorization prior to your arrival at the office, you have the option of being rescheduled or paying for the cost of the visit and submitting for reimbursement through your insurance.

Which Plans Do You Contract With?

Please see the reverse side of this page or visit www.pacificarthritis.com for a comprehensive list.

What Is My Financial Responsibility for Services?

Your financial responsibility depends on a variety of factors further explained on the reverse side of this page.

What if My Child Needs to See the Physician?

A parent or legal guardian must accompany patients who are minors on the patient's first visit. This accompanying adult is responsible for payment of the account, according to the policy outlined on the previous pages.

I have read, understand, and agree to the above Financial Policy. I understand that charges not covered by my insurance company, as well as applicable co-payments, co-insurance, and deductibles, are my responsibility.

I authorize my insurance benefits to be paid directly to Pacific Arthritis Care Center.

I authorize Pacific Arthritis Care Center to release pertinent medical information to my insurance company when requested, or to facilitate payment of a claim.
